Introduction to the Survey

The Children’s Cabinet, a statewide 501c3 non-profit agency serving children and families, conducted Nevada’s 2022 Child Care Market Rate Survey (MRS). The Children’s Cabinet is a long-standing partner with the Division of Welfare and Supportive Services (DWSS), Child Care and Development Program (CCDP), who administers Nevada’s Child Care and Development Fund. The Children’s Cabinet has conducted the statewide market rate survey since 2006.

The Children’s Cabinet and DWSS/CCDP used federal guidance from the Administration for Children and Families Child Care Technical Assistance Network’s Market Rate Survey Briefs¹ to design Nevada’s MRS and timeline.

Survey Timeline & Methodology

On February 18, 2022, DWSS CCDP sent an email invitation to a stakeholder group to review and provide feedback on the 2022 MRS. The stakeholder group consisted of 48 stakeholders representing child care program administrators from center, family child care, group family child care and out-of-school time programming; Child Care Resource & Referral (CCR&R) agencies; organizations representing caregivers, teachers, and directors; and Nevada Early Childhood Advisory Council members. The stakeholder survey was conducted via Survey Monkey and concluded on February 27, 2022. The Children’s Cabinet provided aggregate results with open-ended comments to DWSS on February 28, 2022 (see Appendix A).

Mar 29
2022

On March 29, 2022, an email was sent to all licensed and out-of-school time (OST) providers in Nevada notifying them that a link to the MRS survey will be sent the following week. The notification was in both English and Spanish. The notification included the importance of the survey, the estimated length of time it will take to complete the survey, items to prepare, and the survey incentive. All providers in Nevada were sent the notification regardless of participation on the Child Care Subsidy program.

Apr 6
2022

On April 6, 2022, the Survey Monkey link to the MRS was sent to all licensed and OST providers in Nevada. The entire provider universe and response rate is reported in the next section. The bi-lingual survey announcement was sent via the Department of Public and Behavioral Health Child Care Licensing ListServ, the Washoe County Human Service Agency Child Care Licensing ListServ, the Nevada Department of Education Office of Early Learning and Development ListServ, The Children's Cabinet CCR&R database director/owner contacts and posted on The Nevada Registry. The survey was also available in both English and Spanish (see Appendix B for Survey Email and Survey Instrument).

The week of April 13, Quality Rating Improvement System (QRIS) coaches encouraged their sites to participate in the survey and used QR codes to direct providers to the survey location. The week of April 20, 2022, an email was sent to all providers who had initiated the survey in Survey Monkey, but did not complete the survey (N=25). The week of May 5, 2022, resource and referral staff started making phone calls to achieve a 65% response rate by county and provider type. Staff used a separate survey monkey link to record provide responses received via the phone. Final survey response was 261.

June 16
2022

Many providers reported to resource and referral staff that they did not have time to complete the entire survey. In these instances, staff requested that the provider email their current rate form and staff entered provider rates directly into the CCR&R database. The week of June 13, 2022, administrative rate data were pulled and all rates reported between January 1, 2022 and April 1, 2022 were used in the market rate analysis. On June 16, 2022, a 65% response rate was achieved by county and by provider type and data cleansing and rate conversion commenced.

Providers were asked to define their FT and PT rates by the number of hours/day, hours/week, days/week, and/or days per month. The most commonly reported rate was a full-time weekly rate. Full-time daily and monthly rates were converted to a weekly rate by using the provider's definition of a full-time and part-time rate.

- Full-time daily rate x 5 days. For daily rates less than 8 hours a day, the rate was divided by the number of hours in the rate definition and then multiplied by 9 hours and then multiplied by 5 days a week to achieve a full-time equivalent.
- Full-time monthly rate ÷ 4.345 weeks in a month. For monthly rates less than 5 days a week, the monthly rate was divided by 4.345 weeks, then by the number of days per week in the provider's rate definition and then multiplied by 5. If the monthly rate was also for schedules less than 8 hours a day, the monthly rate was divided by 4.345 weeks in a month then by the number of hours in the providers' definition and then multiplied by 9 hours to achieve a full-time equivalent.

- If providers' reported rates that split age groups, the rate was weighted by number of months in the age group. For example, if a provider reported a rate for children ages 6 months to 17 months and then another rate for children ages 18 months to 3 years-old, the state 1-year old rate was calculated by weighing each rate by 6 months and then dividing by 12 months.

Licensed Provider Universe & Response Rate

Licensed Provider Survey Respondents

Nevada does not license by age groups. Providers are licensed for an age range (e.g., 3-years to 12-years, birth to 18-years) and a total capacity is determined for each site. As a result, rates cannot be weighted by the number of slots for each rate (e.g., infants, 1-year-olds, 2-year-olds, etc.). The table below illustrates the number of survey respondents and their total capacity by county and provider type.

County	Centers		Family Child Care		Group Family Child Care		Grand Total

75th Percentile Rates by Region, Provider Type and Age Group

Since the inception of Nevada’s Market Rate survey, the 75th percentile rate has been aggregated into four regions:

- 1.) Clark County
- 2.) Washoe County
- 3.) Carson & Douglas County
- 4.) Rural Counties (14 Remaining Counties)

Given the growth of Lyon County over the last decade (from 52,000 in 2010 to 61,000 in 2021ⁱⁱ) and the rates of Lyon County providers resembling the neighboring counties of Carson and Douglas, the 75th percentile rates were aggregated for the Carson and Douglas Counties with Lyon County and without. Similarly, the Rural region was aggregated with and without Lyon County.

The standard deviation was calculated for each region, provider type and care level. There were no rates less than -3 standard deviations from the mean and no rates were excluded from the 75th percentile calculations. See **Appendix C** for all rates in rank order by region, provider type and care level. Rates that exceeded +3 standard deviations are highlighted in Appendix C.

Rate Frequency

The child care market’s most commonly used frequency for charging both full-time and part-time rates is weekly (see table below). The generally accepted payment practice for provides is payment prior to the care rendered at minimally as the rate is charged (pay daily for daily rate, weekly for weekly rate, monthly for monthly rate, etc.).

Rate Frequency	Full Time	Part Time
Day	16.9%	20%
Weekly	67.8%	58%
Month	14.9%	17%
Annually	0.5%	5%

Payment Beyond the Subsidy Co-Payment (“overage” or “hidden copay”)

Based on income, parents in the subsidy program are responsible for their portion of the state’s maximum reimbursement rate, which is paid directly to the provider. If the state maximum rate is \$50/day and the parent’s copayment is 5%, the parent pays the provider \$2.50 a day and the Subsidy program reimburses the provider \$47.50 a day. In addition to the parent paying the program co-payment, the vast majority of providers (82%) charge parents for the difference between the state’s maximum reimbursement rate and the provider’s price for care. This difference is known as the “hidden copay” or the “overage” and this amount is in addition to the parent’s calculated co-payment. In this example, if the provider’s price for care is \$65/day, the parent would be responsible for their \$2.50 co-payment in addition to the \$15 “hidden copay” or “overage” for a total of \$17.50 day or \$87.50 for a 5-day week.

Cost of Care by Quality Rating Improvement System Star Level

Up until fiscal year 22, two family child care coaches supported licensed family child care and group family child care participation on Nevada’s Quality Rating Improvement System (QRIS). The limited capacity to support more than one cohort at a time has resulted in minimal participation by family and group family child care providers. The number of QRIS-participating survey respondents are provided in the table below.

	Carson City	Churchill	Clark	Douglas	Elko	Humboldt	Lander	Lyon	Washoe	Grand Total
Center	8	2	59	5	3	2	1	3	29	112
Five Stars			4		1				2	7
Four Stars	1		9	1		1		1	7	20
Three Stars	1	1	13	3	1			1	6	26
Two Stars	5		32	1	1	1	1	1	12	54
One Star	1	1	1						2	5
FCC			1						6	7
Five Stars									1	1
Four Stars									2	2
Three Stars			1						1	2
Two Stars									2	2
Group FCC	1		1						1	3
Four Stars	1								1	2
Two Stars			1							1
Grand Total	9	2	61	5	3	2	1	3	36	122

Only two counties, Clark and Washoe, have center survey respondents in every star level; therefore, only these two counties were used to compare center rates by star level. The 75th percentile rates do not increase by star-level and due to the minimal number of sites at each star level, using these data for rate setting should be limited. See **Appendix D** for ranked rates for QRIS centers by star level.

Variance between 2018 95th Percentile Rate (Current State Max) and 2022 75th Percentile Rate

The State of Nevada currently uses the 2018 Market Survey 95th percentile rate as the state’s maximum reimbursement rate for the Subsidy program. The tables below compares the 2018 95th percentile rate to the 2022 75th percentile rate. The first table includes Lyon County with the Rural region for the 2022 rates. The second table moves Lyon County to the Carson/Douglas region. In both of these tables, the Lyon County is included with the Rural region for the 2018 rate.

Moving Lyon County to the Carson/Douglas region would cause the 2022 75th percentile rate to be less than the 2018 95th percentile rate for several provider types and age groups in both regions. This move would also decrease the rate in the Rural region and increase the rate for Carson/Douglas. Given this impact, and the challenge to recruit and sustain child care in Nevada’s rural areas, Lyon County should remain in the Rural Region.

Comparison with Lyon County Included in Rural Region

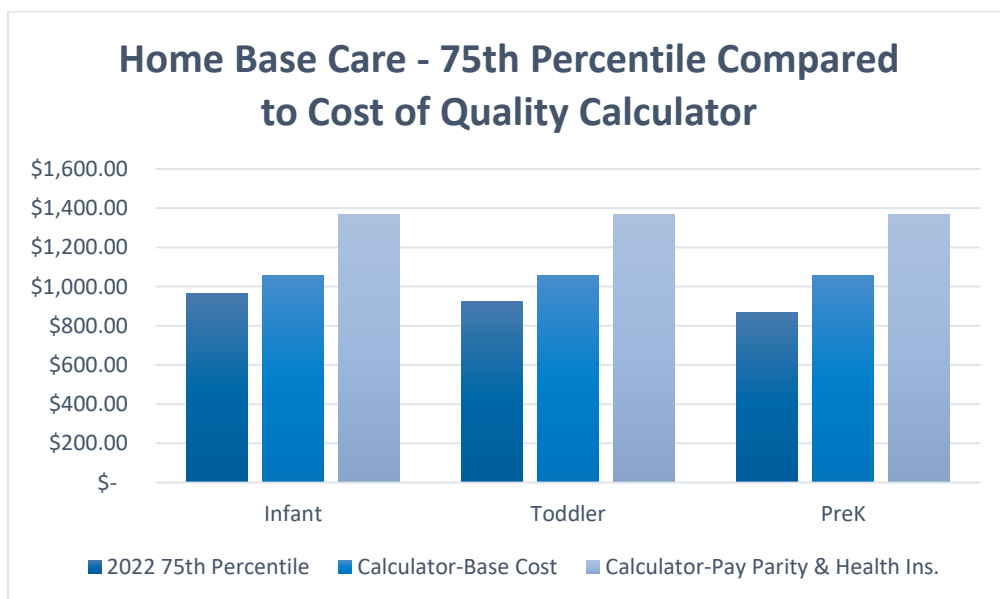

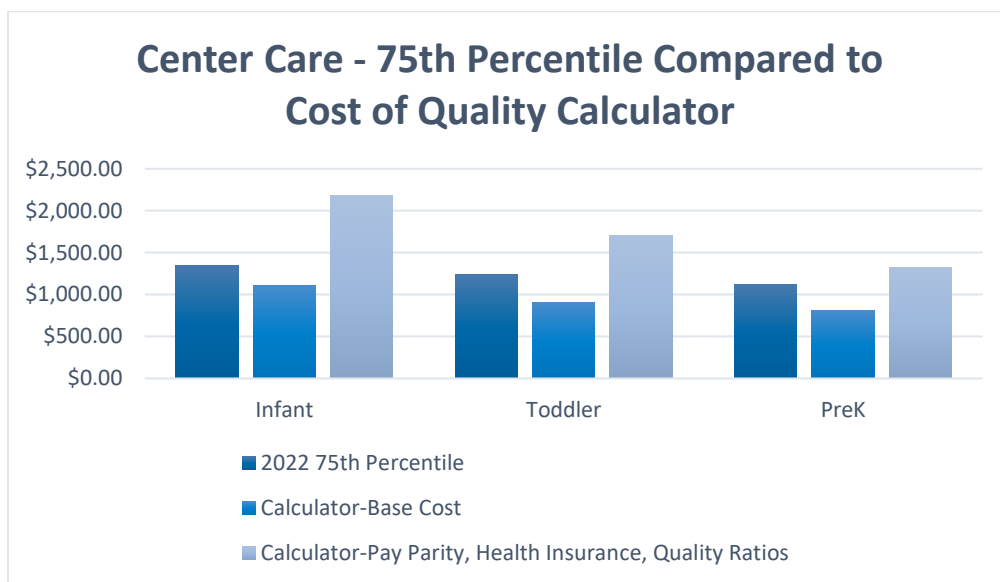

Region	Age	2018-95th Percentile Rates				2022-75th Percentile Rates				2022 Rate Difference

Comparison of the 75th Percentile Rate to the Cost of Quality

The Center for American Progress has created costofchildcare.org, which is an interactive calculator to illustrate the true cost of care by state. The graphs below compare Nevada's 75th percentile rate to the calculator's base cost of care that meets licensing standards and to higher quality care that invests in the early education workforce and improves teacher to child ratios (center analysis). Pay parity means paying teachers the same as kindergarten teachers. This is critical to reduce the toxic stress that comes from living in poverty with current early childhood professional wages. Quality ratios means decreasing the number of children per teacher to promote child safety and high-quality caregiving. This allows teachers to have more engaging interactions with children resulting in higher quality care and better child outcomes.

Program Fees

In addition to charge rates, providers also charge a variety of fees including initial registration, annual fee, materials & supplies, meals, field trips, and late payment. Not all providers completed the fee portion of the survey and the results do not represent all survey respondents.

	Registration	Annual	Materials & Supplies	Meals	Field Trips	Late Payment
# Reporting Charging Fee	87	52	18	6	17	62
Maximum Charged	\$ 470.00	\$ 250.00	\$ 500.00	\$ 10.00	\$ 150.00	\$ 75.00
Minimum Charged	\$ 10.00	\$ 25.00	\$ 25.00	\$ 5.00	\$ 10.00	\$ 1.00

Out-of-School Time Programming

There are several different types of entities that administer out-of-school (OST) programming in Nevada including non-profit organizations (e.g., Boys & Girls Clubs, YMCAs, After School Allstars, faith-based programs), city and county parks and recreation departments, private schools operating extended OST programs, 21st Century Community Learning Programs, and private for-profit businesses. These programs are not licensed or regulated by child care licensing, therefore; it is not known how many OST programs operate in Nevada. Additionally, many of these programs do not charge for services as many are funded with philanthropic and/or federal funding (i.e., 21st Century Community Learning Centers).

Only 13 OST entities responded to the market rate survey. The remaining 45 rate responses were obtained through telephone calls and emails to OST programs (58 total agencies reporting). It is common for one entity to operate multiple programming site locations and there are two entities that are headquartered in one county, but have programming sites across counties (i.e., Boys & Girls Club of the Truckee Meadows and Boys & Girls Club of Mason Valley). The following table summarizes the total number of programming sites, average daily attendance, average hourly before school, hourly afterschool and weekly summer rates. See **Appendix E** for a ranked list of OST rates.

OST Sites, Average Daily Attendance and Average Rates

County	Sites	Average Daily Attendance	Average Hourly Before School	Average Hourly After School	Average Summer Care (Full Time Weekly Rate)
Carson City	9	200	\$ 2.00	\$ 1.85	\$ 60.00
Churchill	5	145	n/a	\$ 1.00	\$ 61.67
Clark	302	8392	\$ 2.54	\$ 4.12	\$158.29

Washoe	\$ 4.80	\$ 5.00	\$197.50

Stakeholder Feedback and DWSS Response

Stakeholder Feedback on Survey Design and Administration

All feedback received from stakeholders on survey design and administration is provided in **Appendix A**. DWSS and The Children’s Cabinet reviewed the stakeholder feedback and incorporated all suggested modifications. Changes made to the survey are highlighted in yellow in **Appendix B**.

Stakeholder Feedback Regarding Subsidy Program

Of the 261 survey respondents, 201 (77%) reported that they participate in Nevada’s Child Care Subsidy Program.

Subsidy Participation?	No	Yes	Grand Total
Center	35	136	171
Family Child Care	22	39	61
Group FCC		16	16
Private OST	3	8	11
Public OST		2	2
Grand Total	60	201	261

Subsidy participants reported the following barriers to Subsidy program participation:

Provider Barriers to Subsidy Program Participation	#	%
Reimbursement rate is too low	90	45%
Delay in reimbursement	75	37%
We do not have enough families that qualify	63	31%
Too much administrative burden	51	25%
Program is confusing	24	12%
Communication from state or state partners is poor	16	8%
I do not have challenges or experience barriers with the program	91	45%
Other challenge(s)	53	26%

Other Challenges reported by providers (not edited):

- Behavior children
- Being informed on January 15 that my program would not be paid for the previous December, there by not being compensated for two months after giving client a respectful two weeks notice for non payment. 2021=\$2200 2017=\$1800, in the 26 years I have been with C.C I have

lost (in uncollectable bad debt) due exclusively to C.C. clients totals over \$58,000. My "cash" clients pay in ADVANCE. If they do not pay they can NOT leave their child, no exception. As this is not possible with C.C. clients it is a lose-lose situation. I take C.C. clients knowing full well I will not be compensated to the contractual obligation of the C.C. client. Caring for the children most in need has drained my savings and retirement. My current C.C. client is two weeks behind in her co-pay as of today. If I turn her away she could lose her kids that have recently been returned to her through CPS. So I will just turn off the heat at night to make up the money she will NEVER catch up to pay me!!! Un-like child care centers whom make enough money to write off bad debt as their child to care worker is super high and C.C. pays them almost double what they pay me. My ratio is me to a max of 6 kids, this will never change. Centers go from 4-1 to 15-1 so C.C. pay rate changes from infant to child, reimbursement rate going down as the center's ratio goes up. C.C. pays home providers and centers at different rates as they say they take an average for each group and pays out an average for the two different groups at different rates. C.C. lowers the reimbursement rate based on age, as a child ages C.C. pays less and less as CENTERS can watch more and more children as the child ages, infant \$65 a day 5 years old \$24. Centers, while getting paid less per child, make more money as the triple the amount of children they can watch by the child's growing age. HOWEVER, this sliding downward scale is also applied to home providers. SO, we are put on a sliding age scale even though we can only watch 6 kids. Six and only six. The amount C.C. pays to home providers drops drastically as the child ages and the parent who has difficulty in paying the small co-pay, has to pay more and more "if" the child stays. Centers and home providers are held to different standards and that benefits centers and hurt home providers. So, if a home provider does not take a C.C. client that is a good reason why!!!

- Codes that we are supposed to use seem to change frequently without notice, such as how to use "s" or when to use "d"
- Contact numbers and extensions frequently do not match the personnel.
- Do not agree with Requirements
- Families are confused (or at least saying that they are) regarding their portion AFTER subsidies.
- Filling out paper timesheets for reimbursement is time consuming and sometimes confusing
- Having to be a part of the stars rating program
- Higher coverages would be nice for the families this way their copays would be lower
- I am currently awaiting approval from the state. However, I believe the process is taking very long and I have had to direct families elsewhere.
- I currently have no children enrolled in the children's cabinet program. I also haven't received any request for enrollment in a long time.
- I did participate for many years in the program but the QRIS program that they now require us to participate in it too invasive and just far too much red tape. It is not geared towards family care providers who watch different age groups in the same space. There is just no way for a family care provider to reasonably achieve a 5 star rating
- I do not have problems with subsidy programs, because I have no children in subsidy programs
- I do not want to do the QRIS it's not for home childcares
- I have been full since I opened
- I have currently one family enrolled in Urban League, a foster family, and Urban League does not pay my full fee, and the parents pay nothing, so I'm minus \$100 every month, when the foster parents can clearly pay that amount, but I'm the one who gets penalized, I'm the only one living here, paying my bills, and work hard VERY HARD for what I do, and I'm the one penalized for

taking in Urban League, which makes me think twice of bringing in any other children, due to loss of my hard earned income!

- I have only had two inquiries about childcare from parents from Urban League, and I was at capacity at the time. I'm not sure if I am enrolled in the Urban League program, but I assume I'm enrolled since I have received inquiries from parents in the program.
- I wish there was a chart that stated QRIS ratings and what each daily rate would be. Often times finding the math can be confusing.
- It would be nice for Subsidy timesheets to be on line.. It takes hours to fill out!
- It's a lot of work on the schools part to pay for subsidy.
- Most of our families pay for care. We have a couple of children who receive support from Children's Cabinet. The reimbursement rate is about 1 month, which is difficult for our budget and payroll.
- Need a raise in pay
- Not many parents qualify for the program. Request is for State to evaluate the qualification criteria based on recent economic events.
- Not willing to go through the Nevada Stars Program, quality centers are getting low star ratings
- Our private pay families still pay tuition even if their child is absent, it is often difficult to get parents to initial timesheets for day's their child might have been absent. I often have to submit for reimbursement because there is in error in not getting paid for all children, or days are missed.
- outreach is difficult to reach parents.
- Parents come into our center with what they believe is "100%" coverage, and they are under the assumption that they don't have to pay any amount of money, which is not the case. The average co-pay at our center is currently \$100/child. Unfortunately, the daily rate for the subsidy has not changed, and parents cannot afford the difference. I believe that how the program works should be explained better before parents enroll at our center, so they are not surprised by how much they have to pay and that the daily rates need to be revised to match accordingly with the cost of care.
- Perhaps a training program to explain that there is a difference between the overage and the copay. It is confusing how much I charge the family and how much Children's Cabinet is charged.
- Regulations regarding termination of service for children who receive Urban League. All centers must be inclusive - however the centers receive no additional funding or support for the children who are identified to have special need or behavior challenges. Centers are threatened with the loss of Urban League for terminating service with families.
- Since QRIS is being required to participate in subsidy I have opted out. intrusive to my already successful daily program
- The families I used to enroll often were absent and never stayed with us very long. The paperwork was time consuming.
- The financial qualification is very hard to meet. There are so many low-income families that should have been qualified but because of the way below poverty line cut off not a lot of families are being helped.
- The process of starting QRIS to qualify for children's cabinet reimbursement is overwhelming since we are still trying to navigate challenges from the pandemic. I also I feel that QRIS needs to be flexible and take into account the difference between large multi room centers vs small 2 or 3 room centers. There should be a different rating scale. For example, we would rate lower for environment since we don't divide our ages into smaller groups however, we provide continuity

of care because of the way we divide our kids into two classrooms which I believe is a benefit to our program.

- The program staff are great. Our only challenge is the lack of funding available to meet the needs of all families. The waitlist for families is sometimes very long.
- The rates are incredibly low and you don't ever really know what you're going to get reimbursed which makes it very hard to budget payments are not consistent even with the Nevada Ready program which makes it very hard to budget and unreliable. The income is extremely low which makes it very difficult for us to grow. They did support us during Covid and I was very much appreciate it. Inflation is up we can't afford minimum wage due to the wages that were receiving for reimbursements. We're not allowed to up charge to what our regular rates would be which makes it where we have a huge loss . Only other option would be to not serve this population, however our senator specifically located to serve the population above. That's our mission that's our pride. However instead Nevada that's also going to be our downfall in bankruptcy
- the time it takes to log hours and the manner they require hours to be figured is a bit confusing and very time consuming.
- This program focuses more on helping the parents or guardians then it does the center. They don't hold parents responsible for overages due to the center. the case workers are very rude when calling for balances. Children's Cabinet also makes us do a spread sheet monthly to figure out how much money to give back to the parents. the parents who do nothing for our center. Most dont even sign their timesheets on time or respect our teachers or our center and they receive all the money we worked hard to get through this star bonus. Our center takes all the responsibility and work to make the facility better and the only people who get to benefit is the families.
- This was our first year of being open.
- Time, more responsibilities to be taking care of the children and be dealing with parents if they do not sign papers, they are rushing themselves when they pick up their children
- Unclear directions regarding allocating the STAR bonus money - Given different instructions regarding that and filling out the forms
- Urban League - requires us to change our curriculum / how we operate
- We are in the initial start up phase of the program. We participate in other program that require reporting and surveys.
- We are on the approved providers list for foster families but do not have any families that participate in this program
- We are very thankful
- We do not charge for our services. We do not participate in the subsidy program.
- We have been excepting Urban League for a very long time. I have to say it has gotten better through the years. Thank you for asking.
- We have had staff turnover who manage the program, and the lack of training that is available has made us decide to discontinue requesting reimbursement. Further, parents would not provide the documentation that was needed. We had troubles finding a way to "market" that we accepted the subsidy.
- We just need more parents to apply for funding
- We struggle with being told different ways to complete paperwork depending on who we talk with and having to send paperwork back because what one person said we were to do isn't what the person reviewing that paperwork says is to be done. We understand discretionary

days for families who are taking advantage, but with covid exclusions that can consume up to a month and families lose these days doesn't seem to make sense.

- We would participate it is just that we do not need to with our current families.

Division of Welfare & Supportive Services Response to Provider Feedback

The Child Care and Development Program (CCDP) staff want to express deep gratitude to Nevada's providers for taking time out of your workday or personal life to respond to the 2022 Market Rate Survey. The open and honest feedback received demonstrates the barriers experienced by providers regarding participation in the Nevada Child Care Subsidy Program. Your feedback is invaluable and crucial to the process of implementing changes that will be meaningful to Nevada's child care provider community.

The CCDP team appreciates receiving this feedback and understands the past two years have been an incredibly difficult time for Nevada's parents and child care providers. We further recognize and acknowledge that many of the stated barriers were problems before the COVID-19 Pandemic began. We have heard this feedback clearly, and our team has been working hard to address many of these barriers and eliminate them wherever possible. Some of the expanded child care supports recently put in place include:

- Provider Rate Increases
 - Provider rate reimbursement increased to the 95th percentile of the 2018 Market Rate Survey
- Policy Changes
 - Expansion of program income eligibility to 85% of the State Median Income (SMI), effectively doubling the income a family can take in and still be eligible for child care assistance
 - The "Purpose of Care" for receiving child care assistance has been expanded to include enrollment in an educational program or vocational training
 - Additional targeted populations covered at 100% subsidy with no required copay
 - Public and civil servants essential to economic recovery
 - Individuals attending a SUD treatment/recovery program through Nevada Division of Public and Behavioral Health

In addition to those changes, the Division will be undertaking an in-depth cost modeling analysis to determine the fiscal impact of restructuring Nevada's subsidy reimbursement system to reflect the cost of care and to expand the financial supports available to low-income families in Nevada. The Division is also actively considering an array of technology investments, which can help us streamline processes, reduce administrative burdens, improve payment processing and timeliness, and simplify program operations to encourage more providers to participate.

Thank you again for your participation, feedback, and all you do every day to support and care for Nevada's children and families.

Stakeholder Invitation for Feedback

Dear Valued Child Care Stakeholder,

As part of the process for setting child care subsidy payment rates in Nevada, the Division of Welfare & Supportive Services (DWSS) is required to conduct a Market Rate Survey (MRS) within two years of the Child Care & Development Fund (CCDF) State Plan submission. A Market Rate Survey is a method by which the state collects, analyzes, and reports on information to inform child care rate setting. A survey will be sent to all child care providers. The survey is intended to be representative of all geographic regions of the state and needs to examine the price charged per child care slot, recognizing that all child care facilities set their own fees.

Your input on Nevada's MRS is critical to this process to help us achieve our goals and reach the provider community effectively. As you review and complete this survey, we encourage you to provide feedback related to increasing provider participation. We want to be sure the questions are easy to understand, and the survey is easy to navigate. Changes will be made to the MRS after careful consideration of all stakeholder survey responses. Stakeholder views and comments will be included in the final MRS Report, which will be posted on our website at <https://dwss.nv.gov/> within 30 days of report completion. All comments will be anonymous, and we encourage honest feedback.

The below link to the stakeholder engagement survey should take you no more than 20 minutes to complete and is due **no later than Friday, February 25th**.

<https://www.surveymonkey.com/r/3P59TLR>

Thank you for helping the Nevada Child Care and Development Program make this MRS our most successful one yet!

Stakeholder Feedback

Q1 Does the introduction above adequately communicate the importance of provider participation in the MRS?

Answered: 17 Skipped: 0

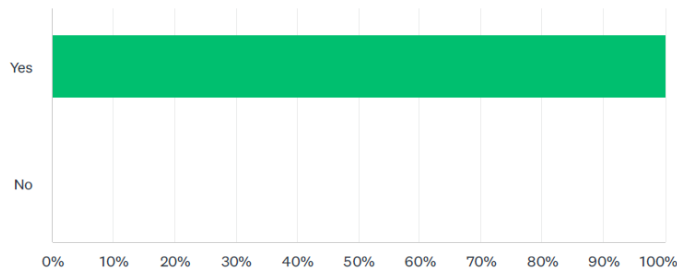

ANSWER CHOICES	RESPONSES	
Yes	100.00%	17
No	0.00%	0
TOTAL		17

#	IF YOU ANSWERED NO, PLEASE PROVIDE YOUR SUGGESTION FOR IMPROVING THE INTRODUCTION.	DATE
	There are no responses.	

Q2 Is a one-week advance notice enough time to prepare providers for the MRS release?

Answered: 17 Skipped: 0

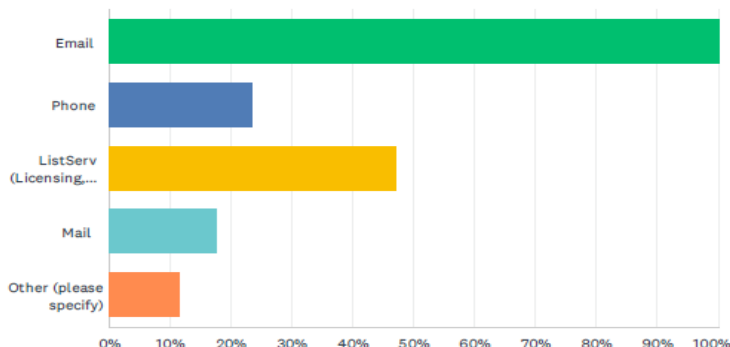

ANSWER CHOICES	RESPONSES	
Yes	100.00%	17
No	0.00%	0
TOTAL		17

#	IF YOU ANSWERED NO, HOW MUCH ADVANCE NOTICE DO YOU FEEL PROVIDERS SHOULD BE GIVEN TO LET THEM KNOW THE MRS IS COMING?	DATE
1	I think one week notice about the Market rate survey is enough, but I feel they need more time to complete the market rate survey.	2/24/2022 2:02 PM
2	When too much time is given people tend to forget	2/22/2022 9:19 AM

Q3 What are the best methods of communicating with providers about the MRS release?

Answered: 17 Skipped: 0

ANSWER CHOICES	RESPONSES
Email	100.00% 17
Phone	23.53% 4
ListServ (Licensing, NevAEYC, OELD)	47.06% 8
Mail	17.65% 3
Other (please specify)	11.76% 2
Total Respondents: 17	

#	OTHER (PLEASE SPECIFY)	DATE
1	text	2/23/2022 1:00 PM
2	Social Media	2/22/2022 9:19 AM

Q4 Achieving a 65% minimum response rate is critical to achieving a valid MRS. What strategies can Nevada use to ensure the highest response rate possible?

Answered: 16 Skipped: 1

#	RESPONSES	DATE
1	Use incentives	2/24/2022 4:45 PM
2	Being persistant with reaching out to providers, maybe offer an incentive.	2/24/2022 2:15 PM
3	Offer prizes. The survey takes time, and people are more likely to complete if it is incentivized.	2/24/2022 2:02 PM
4	email	2/24/2022 1:03 PM
5	Reminders to participate	2/24/2022 12:57 PM
6	sending out reminder emails	2/24/2022 12:17 PM
7	Multiple emails with reminders	2/24/2022 11:11 AM
8	I don't know	2/24/2022 11:06 AM
9	Simplified forms, well explained tools to complete	2/24/2022 10:59 AM
10	multiple ways to contact centers: email, list serve, text	2/23/2022 1:00 PM
11	n/a	2/23/2022 9:42 AM
12	Use R&R and Subsidy Reimbursement staff to contact providers	2/23/2022 9:19 AM
13	Multiple reminders through listservs, notification on NV Registry, links on licensing websites, perhaps a media release?	2/22/2022 10:30 AM
14	Ask QRIS coaches, to assist, Targeted Social media release	2/22/2022 9:19 AM
15	An incentive - Perhaps entered into a raffle for 1 of 10 raffle prize (maybe gift cards from Lakeshore)	2/22/2022 6:21 AM
16	offer an incentive	2/21/2022 8:41 AM

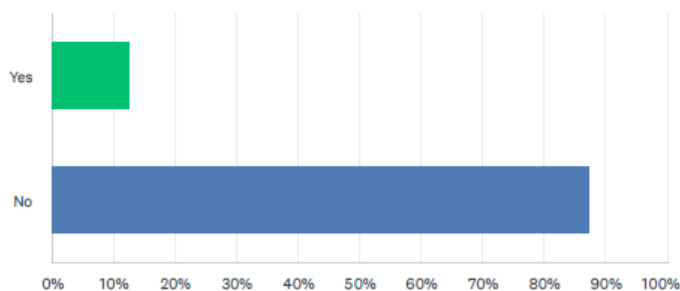

Q5 What would incentivize providers to participate in the MRS?

Answered: 15 Skipped: 2

#	RESPONSES	DATE
1	entering a drawing upon completion of the survey	2/24/2022 4:45 PM
2	School supplies	2/24/2022 2:15 PM
3	Prizes for center or gift cards. Food prizes are always nice. Survey takes time to complete and offering incentives could really help drum up participation.	2/24/2022 2:02 PM
4	gift cards	2/24/2022 1:03 PM
5	Maybe prize drawings or some kind of other acknowledgement	2/24/2022 12:57 PM
6	Raffles	2/24/2022 11:11 AM
7	I don't know	2/24/2022 11:06 AM
8	an increase in funds. That filling out the survey increased the subsidy reimbursement base. Current rate is not close to market rate.	2/24/2022 10:59 AM
9	Gift cards or recognition.	2/23/2022 1:00 PM
10	n/a	2/23/2022 9:42 AM
11	Giving providers gift cards or bonus when they complete the survey. Maybe all providers who complete the survey can be entered into drawing to win something.	2/23/2022 9:19 AM
12	Tie in to funding/provider resources, gift card or supply raffle for participants.	2/22/2022 10:30 AM
13	Provide clear communication on the benefit to them, raffle/prize for the first to respond	2/22/2022 9:19 AM
14	Above	2/22/2022 6:21 AM
15	program supplies	2/21/2022 8:41 AM

Q6 Should incentives be based on regions?

Answered: 16 Skipped: 1

ANSWER CHOICES	RESPONSES	
Yes	12.50%	2
No	87.50%	14
TOTAL		16

#	IF YES, PLEASE GIVE US SOME EXAMPLES:	DATE
1	Incentives should be as fair and equitable as possible. Perhaps based on center enrollment size, as more child details to collect in larger center, so survey takes longer.	2/24/2022 2:02 PM
2	The same amount in the North as the South	2/22/2022 6:21 AM

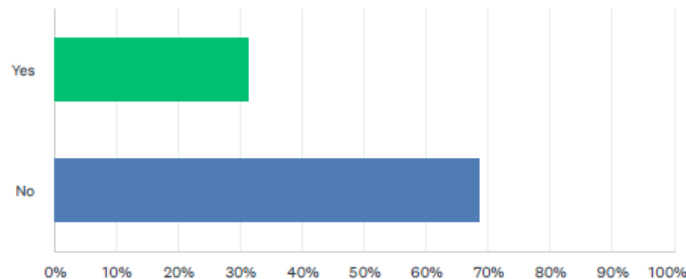

Q7 What are some current barriers for providers in completing the MRS?

Answered: 15 Skipped: 2

#	RESPONSES	DATE
1	time constraints due to staffing	2/24/2022 4:45 PM
2	Time, not seeing e mail	2/24/2022 2:15 PM
3	Time and staffing. Center Directors a being pulled in a million Directions, more so with Covid.	2/24/2022 2:02 PM
4	time	2/24/2022 1:03 PM
5	Current work load, no knowledge of it, understaffing, time, not knowing how to fill out the forms, not caring to fill out the forms, I'm not sure- I usually participate every year :)	2/24/2022 12:57 PM
6	TIME	2/24/2022 11:11 AM
7	Time constraints	2/24/2022 11:06 AM
8	nothing happens with the information given. Complicated break down.	2/24/2022 10:59 AM
9	time	2/23/2022 1:00 PM
10	n/a	2/23/2022 9:42 AM
11	not enough time due to staff shortages.	2/23/2022 9:19 AM
12	Time - many providers are in classrooms. Interest - many providers just don't want to complete surveys.	2/22/2022 10:30 AM
13	Limited access to technology	2/22/2022 9:19 AM
14	Taking the time; too many emails; staffing	2/22/2022 6:21 AM
15	time	2/21/2022 8:41 AM

Q8 Do you have any recommendations for connecting DWSS and/or The Children's Cabinet with providers in rural and hard to reach areas?

Answered: 16 Skipped: 1

ANSWER CHOICES	RESPONSES	
Yes	31.25%	5
No	68.75%	11
TOTAL		16

#	IF YES, PLEASE PROVIDE YOUR SUGGESTION(S):	DATE
1	Visit in person	2/24/2022 2:15 PM
2	Try to get it out in as many ways as possible. Get it out through every possible listserv, training, ECE event. Partner with ECAC's, NevAEYC, Nevada Registry, Licensing, UNCE, etc. to post announcements on their website and listservs (as well as UL and CC)	2/24/2022 2:02 PM
3	staff should call all the providers in these areas to talk to them about the survey and offer support if they need help completing it.	2/23/2022 9:19 AM
4	Addition of calls and mailed flyers to promote survey and highlight any incentives.	2/22/2022 10:30 AM
5	Push it through the NevAEYC conference platform	2/22/2022 6:21 AM

Q9 Please provide any additional suggestions for the pre-survey notification to providers.

Answered: 1 Skipped: 16

#	RESPONSES	DATE
1	Reach out Early and often. Regular reminders. Have larger incentives (or large drawing) for early completion, to encourage people to do it right away, so it doesn't get buried and forgotten.	2/24/2022 2:02 PM

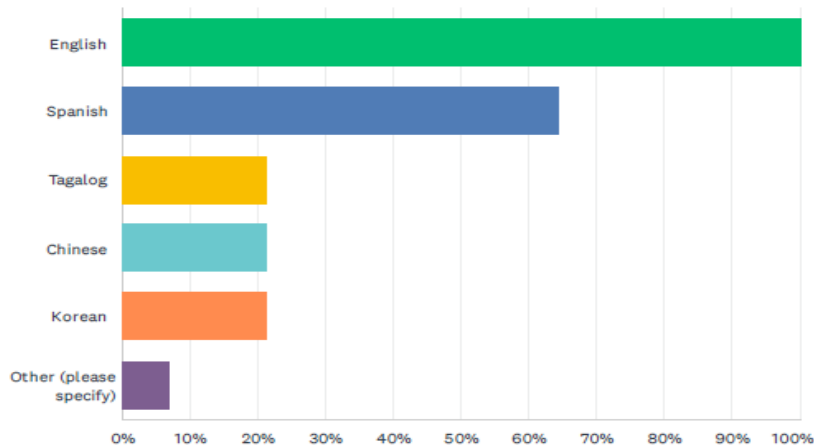

Q10 Please indicate your level of agreement with the following statements:

Survey Email

2022 Market Rate Survey | Encuesta de Tasas de Mercado 2022

Dear Licensed Child Care Providers,

Child Care Provider participation in the Market Rate Survey (MRS) is vital to ensuring the Division of Welfare and Supportive Services (DWSS) Child Care and Development Program (CCDP) has a true representation of the current child care market in Nevada. For the survey results to be meaningful, the CCDP needs to receive responses from all child care providers, not only from those who participate in Nevada's child care subsidy program. To ensure provider confidentiality, survey results will not be shared in a way that is personally identifiable or center specific. Your responses will be combined with those from all other providers in a summarized report of survey results.

SURVEY LINK: <https://www.surveymonkey.com/r/3HQWLRP>

Before completing the online survey, please make sure to gather your enrollment and rate information for easy entry. The survey should take approximately 15 minutes to complete. **The first 100 providers to complete this survey will receive a \$100 merchandise certificate to Lakeshore Early Learning.**

Thank you in advance for helping to improve Nevada's Child Care System!

Estimados proveedores de cuidado infantil con licencia,

La participación de los proveedores a cargo del cuidado infantil en el Encuesta de Tasas de Mercado 2022 es vital para asegurarnos que el Programa de Desarrollo y Cuidado Infantil (CCDP) de la División de Bienestar y Servicios de Apoyo (DWSS) tenga una verdadera representación del mercado actual del cuidado infantil en Nevada. Para que los resultados de la encuesta sean significativos, CCDP deberá recibir respuestas de todos los proveedores a cargo del cuidado infantil, no solo de aquellos que participan en el programa de subsidio a cargo del cuidado infantil de

Nevada. De manera que se pueda garantizar la confidencialidad del proveedor, los resultados de la encuesta no se compartirán de forma que sea identificable personalmente, o que especifique el centro. Sus respuestas se combinarán con las demás, recibidas de todos los proveedores, en un informe resumido de los resultados de la encuesta.

ENLACE DE ENCUESTA: <https://www.surveymonkey.com/r/3HQWLRP?lang=es>

Antes de completar la encuesta en línea, asegúrese de recaudar su información de matriculación/inscripción y tarifas para poder ingresarlas fácilmente. La encuesta podrá completarse en aproximadamente 15 minutos. **Los primeros 100 proveedores en completar esta encuesta recibirán un certificado de mercancía de \$ 100 para Lakeshore Early Learning.**

i Gracias de antemano por ayudar a mejorar el Sistema de Cuidado Infantil de Nevada!

Our Mission

Since 1985, The Children's Cabinet's mission has been to keep children safe and

families together by providing services and resources that address unmet needs through a unique and effective cooperative effort between the private sector and public agencies in Nevada.

Nevada 2022 Child Care Market Rate Survey

Appendix B - Survey Instrument

*** Highlighted text represents changes made from stakeholder feedback.**

Nevada Market Rate Survey

Thank you for completing the 2022 Market Rate Survey (MRS)! The information you provide is critical in understanding the price of care and will be used to inform the State of Nevada's child care subsidy reimbursement rate. If you provided this information in the past, thank you! In order for the survey to be valid, we must capture rates at one point in time. Please report rates as of **April 1, 2022**.

This survey should only take 15 minutes. If you need to exit the survey, you can pick up from where you left off only if you access the survey again from the SAME device. Please complete this survey by March 25, 2022. If you have questions, please contact Julie Hitchcock at jhitchcock@childrenscabinet.org.

Nevada Market Rate Survey
Licensed Provider Rates

We are going to ask you about your rates by the age range of children (in months) and the full- and part-time rate for each age group.

When reporting rates, please tell us the price you normally charge private-pay families for tuition. Private pay means the parent is responsible for the price of tuition because the child does not receive federal, state or tribal government subsidies or scholarships. Report all rates as of **March 1, 2022**.

* Starting with the rate for the youngest children in your care, what is the age range for this rate?

Rate 1 Age Range: from Months to Months

What is the full-time rate for this age group? **If you do not provide care full-time, leave blank.**

This full-time rate is charged per:
 Hour Day Week Month
 Other (please specify)

What is the part-time rate for this age group? **If you do not provide care part-time, leave blank.**

This part-time rate is charged per:
 Hour Day Week Month
 Other (please specify)

19

For this age group:

What is your current enrollment?

What is your desired enrollment?

How many children have special needs?

Do you have different rates for other age groups of children in your care?
 Yes
 No If no, skip to page 14

Repeated for 8 age groups.
Maximum number of age groups reported was 7.

20

**Note: No providers reported rates for an 8th age group.*

Licensed Provider Rates - Rate Age Range 8

* What is next youngest rate age range of children in your program?

from Months to Months

Rate 8 Age Range: to

What is the **full-time** rate for this age group? If you do not provide full-time care, leave blank.

This full-time rate is charged per:

Hour Day Week Month

Other (please specify)

What is the **part-time** rate for this age group? If you do not provide part-time care, leave blank.

This part-time rate is charged per:

Hour Day Week Month

Other (please specify)

For this age group:

What is your current enrollment?

What is your desired enrollment?

How many children have special needs?

33

Nevada Market Rate Survey
Program Fees

Many providers charge parents fees such as registration, materials/supplies, and meal fees. This is the right of the provider and also an allowable practice for providers participating in the subsidy program. We would like to understand more about the types of fees and how frequently fees are charged.

* If you participate in the Subsidy program, you are allowed to charge parents the difference between the state reimbursement rate and your price for care. Do you charge parents the difference?

Yes

No

We do not participate in the Subsidy program

* Do you charge fees that are in addition to the price of care?

Yes

No *(if no, skip to page 34 end survey)*

34

Nevada Market Rate Survey
Program Fees

* You indicated that you charge additional fees. What type(s) of fees do you charge? Select all that apply.

Initial Registration Fee

Annual Fee

Material Supply Fee

Meal Fee

Field Trip or Outing Fee

Late Payment Fee

Other (please specify)
